With the CROP Zone Business Tax Credit Program, you may be eligible for tax credits to be used against your Business Profit Tax and Business Enterprise Tax in a qualifying CROP zone project.

Qualifying CROP zone projects must create new jobs and expand the economic base for the state. Projects can range from the creation of new facilities to the rehabilitation of existing structures.

With \$825,000 in tax liability credits available, discover how your business can reap the rewards of the CROP Zone Business Tax Credit Program.
